Full Subject Based Banding (FSBB)

- AMKSS was one of the 12 secondary schools that piloted Subject-Based Banding (SBB) in 2014 to provide greater flexibility in secondary subject combinations
- AMKSS is one of the 28 secondary schools selected by MOE to pilot Full Subject-Based Banding (FSBB) since 2020. Starting from the 2024 Secondary One cohort, Full SBB will be implemented in our secondary education system.
- With FSBB, we are moving towards one secondary education, with many subject bands, to better meet our students' learning needs. This is part of the shift in our education system to recognize the strengths and interests of our children, to help them build their confidence and develop an intrinsic motivation to learn for life.

Full Subject Based Banding (FSBB)

- Under FSBB, MOE will post students to secondary school through three Posting Groups – Posting Groups 1, 2, and 3. Posting Groups will only be used for the purposes of admitting students into secondary school and to guide the initial subject levels students can offer at the start of Secondary One.
- Throughout their secondary school education, students can take subjects at three subject levels, known as G1, G2, G3 (G stands for General). Students will have the flexibility to adjust their subject levels at appropriate junctures, based on their strengths, interests and learning needs.
- Sec 1 students will be grouped into mixed form classes comprising students from different Posting Groups and will have opportunities to interact and learn with peers of different backgrounds, strengths, and interests.

Full Subject Based Banding (FSBB)

- This common learning experience creates a valuable setting for students from diverse background/abilities to work together, build meaningful friendships, and appreciate each other's strengths.
- As a Form Class, students will take a set of 6 Common Curriculum subjects together at lower secondary levels, namely Art, CCE, Design & Technology, Food & Consumer Education, Music and Physical Education. The Common Curriculum subjects are designed to ensure accessibility to all students, with common curriculum coverage and assessment tasks that will allow all students to meet each subject's requirements.

Full Subject Based Banding (FSBB)

- For all other subjects, students will be regrouped in classes according to the level at which they offer each subject (G1, G2 or G3).

PSLE Score	Posting Groups	Indicative Level for most subjects at start of Secondary 1
4-20	PG3	G3
21 and 22	PG2 or PG3	G2 or G3
23 and 24	PG2	G2
25	PG1 or PG2	G1 or G2
26-30 (with AL 7 in EL and MA)	PG1	G1

Full Subject Based Banding (FSBB)

Students who offer most subjects at G1 or G2 will be offered **EL/ MTL/ Math/ Science** at a more demanding level, based on their PSLE subject grades

Indicative Level of Most Subjects at Start of S1	PSLE Standard Grade	PSLE Foundation Grade	Option to offer subject at
G1	AL 5 or better	-	G3 / G2
	AL 6	AL A	G2
G2	AL 5 or better	-	G3

School – Home Partnership

- Our children do best when schools and parents work hand in hand to support them
- Consider joining our Parents Support Group (PSG)
 - The PSG consists of a group of dedicated parents who partner the school to support fellow parents in nurturing their children.
 - It is the platform for parents to network, share, learn and support each other in this parenting journey.

Parents Gateway

- Parents Gateway will be used as a key form of communication between the school and parents.
- For parents who have yet to download the free Parents Gateway mobile app, please kindly do so through a simple one-time onboarding process.
- The step-by-step guide is available on our school website under 'Announcements'. (SingPass is required)
